Any Other Major Medical Conditions: _____

We prefer surgical cases be current on the following preventative care items and have at least the minimum pre-anesthetic diagnostics prior to referral:

Canine - DHLPP, Rabies, Bordetella, and Heartworm negative status or on prevention.

Feline - FVRCP, Rabies, Feline Leukemia

Pre-Anesthesia bloodwork minimums - Bun, Crea, ALT, ALP, and PCV within the past 6 months. We also suggest a T4/FT4 for all overweight patients.

Client Instructions for Orthopedic surgery

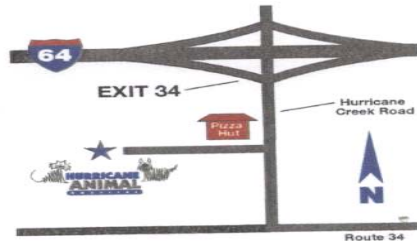

1. Check with your regular family veterinarian to ensure your pet's preventive care (vaccines and labwork) is up-to-date.
2. Please call our office at [304-562-3321](tel:304-562-3321) to schedule a consult with Dr. Sette.
3. During you consult, Dr. Sette will examine your pet, his/her history, labwork, and radiographs and discuss with you options for surgery. You will schedule with him the date for your pet's surgery. (Note: Fractures need to be repaired within 5 days of the injury for best healing. Please arrange your consult as quickly as possible for allow for this timeframe).

Payment Policy:

Hurricane Animal Hospital requires a deposit when orthopedic surgeries are scheduled, and balance paid in full at release of your pet (following surgery). Estimates for proposed surgery will be provided to clients at time of consultation. We accept all major credit cards and Care Credit. If other financial options need to be made please speak with Jennifer, Hospital Manager, prior to consult appointment to make these arrangements.

Where we are located:

Just off the I-64 Interchange at Hurricane. Just behind Pizza Hut and Subway.

Dr. Sette -

Dr. Shawn Sette graduated from The Ohio State University College of Veterinary Medicine in 1993. He spent his first 5 years working in emergency medicine and then in 1998 purchased Hurricane Animal Hospital. He has an exceptional interest and training in orthopedic procedures. He is experienced in bone plating, cruciate repair, patellar luxation repair, and fracture repair. Dr. Sette does recommend orthopedic repairs be performed by a board certified specialist whenever possible and he can further discuss these options with you if you are interested.

Candace Milam, RVT –

Candace has been working with Dr. Sette for the past 10 years and is the primary technician who will be working with your pet. Candace has also studied physical rehabilitation techniques and is available to provide this care for your pet following surgery.
